

About the Founder

Founder and Director Magaly Rodriguez established Paloma Montessori School in September 2020. Certified by the American Montessori Society, she holds 20 years of experience in both classroom instruction and administrative leadership. A dedicated mother of two and spouse, Magaly's passion for education extends beyond the classroom. When away from campus, she actively pursues further educational opportunities, embraces adventure during her travels, and cherishes moments with her family. As a first-generation American, Magaly takes immense pride in her Salvadoran-American heritage, which enriches her approach to education. Her dedication to nurturing close connections with every Paloma family reflects her commitment to providing a complete educational experience.
